
Nine-Pointer

WILLIAM LEON KELSO, JR., proudly displays a nine-point buck he took this Monday hunting with friends near Hixburg. The deer, which is the first brought by the Times-Virginian office this season, is the first one Kelso has ever taken. (Photo by Bill Sherrod)

First Buck

THE FIRST DEER OF THE SEASON at Vera's Village Market, a seven pointer, checked in by Scott Dawson and killed by Scott and Zane Torrence. It was the first deer for Dawson and the third for 12 year old Torrence. The two young hunters waited patiently in the tree stand until the deer had approached to within fifteen feet and both shot simultaneously. One deer down . . . two happy young hunters!

Disease awareness week starts Sunday

The week beginning November 21 has been officially proclaimed by President Reagan as NATIONAL ALZHEIMER'S DISEASE WEEK.

Alzheimer's Disease is a little-known, but surprisingly common disease leading to senile dementia and death. The cause and treatment are as yet unknown. The problems families face in dealing with the long-term care of patients with senile dementia and the emotional, financial and social stress are immense and all too often devastating. A family support group has been organized in Lynchburg with monthly meetings held on the third Tuesday of each month at First Presbyterian Church, V.E.S. Road at 3 p.m. Support groups such as this offer family members a caring situation where they can share their problems and seek solutions together.
